

Covid -19 Policy

Decorati is committed to the health and safety of our clients and our staff. To ensure this we are registered as a Covid safe business and have created a Covid-19 safe policy following the NSW Public health guidelines.

The following changes have been put into place in relation to the delivery of our events, incursions, workshops, and classes:

- Our staff have completed the Australian Government Department of Health COVID-19 infection control training
- No staff member will attend a site if they exhibit symptoms as identified by the Australian Government Department of Health, or have been overseas or in contact with known or suspected cases of COVID-19
- All staff members carry their own hand sanitiser and will sanitise their hands upon entry to a site
- We will provide hand sanitizer, tissues, and wipes for the children, Parents/Guardians (if applicable) and staff in all our sessions
- We will encourage children to wash their hands more frequently and to encourage cough and sneeze etiquette will encourage Parents/Guardians to drop children off to classes and workshops where possible.
- We will implement more frequent cleaning of any work benches and/or spaces we use
- Where reasonably practical, we will practise 1.5 meters physical distancing amongst staff and adults to help minimise the risk.
- We have implemented contactless delivery for all our online workshops kits.
- During our School holiday workshops, we encourage parents to keep children at home if they feel unwell.
- We have good record keeping systems in place and have created a new form for Parents/Guardians to sign at applicable events.
